☞ <b>Business Studies</b>	Business Studies- revisit all the unit's revision worksheets in order to complete them without external input/information on Thursdays lesson.	<b>Mr Fletcher</b>
☞ <b>Catering</b>	GCSE Food Preparation and Nutrition- students are working on their second and final piece of coursework. The deadline for this is April 26th so it can be marked and sent away for the exam board moderation. It is crucial that all students have this completed by then and they may be required to stay back after school if they have not attended the Easter holiday class or completed any work at home. All of their coursework has to be done in school under supervision so their homework may be to stay with me after school to add in the final pieces of work. They completed the practical element of this coursework before the Easter holidays so this week and next, they will need to ensure they have the research element completed along with the write up of the trial dishes, write up of the practical session and the evaluation. All lessons for the next two weeks will be put aside for coursework so there won't be any further cooking lessons until May.	<b>Mrs Timmons</b>
