

Year 9 Homework		15th April 2019
➤ English	To write an essay on 'Who is the character in DNA that you have most sympathy for, and who the least...and why	Mr D Birtwistle
➤ Maths	Year 9 – A disappointing number of students completed the homework for over Easter on Dr Frost Maths, so I have set another task on there for students to complete by next Tuesday. The website is www.dr frostmaths.com . Students have created their own passwords for the site, but if there are any problems, please email me on jhammond@samuelkings.cumbria.sch.uk . For a student named Joe Bloggs in Year 9, their email address for their log-in would be in the format 16jbloggs@pupil.samuelkings.cumbria.sch.uk . The task is based on an old KS3 assessment, to see exactly what your child has understood over the academic year so far.	Mr Hammond
➤ Science	Year 9 will be continuing their physics unit by looking at acceleration and then at forces and Newton's Laws. Their homework will be GCSE questions based on this topic. They should do at least 3 of the 4 questions set. Due in Tue 23rd Apr P2	Mr D Nicholson
➤ GCSE Options	Please look at the Options page to find your son/daughter's GCSE homework.
