

CUMBRIA COUNTY COUNCIL MODEL INFECTION PREVENTION CONTROL SCHOOLS OPERATIONS RISK ASSESSMENT

Model risk assessments (School Operations and School Premises) and supporting guidance on operating procedures have been developed for maintained schools and settings in consultation with our trade union colleagues and relevant service areas. Each maintained setting should undertake their own risk assessment following this format – Cumbria County Council, as the employer in the above settings, will support and guide governing bodies and school leaders to manage a planned and safe gradual return to school but recognises that local decisions to open or not **MUST** follow a risk-based approach appropriate to the resources and capacity of each individual setting. Other types of schools are welcome to use these models to help their own planning and risk assessment approach but must ensure that they prioritise their own employer's health and safety management procedures.

This document is a template to be used to help governing bodies and headteachers develop and tailor a site-specific risk assessment in relation to infection prevention control including ongoing controls for COVID-19.

Below is a list of potential of hazards within our premises and the recommended control measures which apply to the majority of settings to aim to help you manage risks to the lowest possible level. Controls shown follow current available guidance and best practice.

Headteachers and governing bodies are responsible for monitoring the advice and guidance available, ensuring risk assessments and safe working practices are updated where applicable and cascaded through to employees. They must ensure that compliance is monitored, and any emerging issues addressed appropriately.

PLEASE NOTE: 29 September 2021: Updates in GREEN – statements with a line through can be removed.

Schools and trusts should work closely with parents and carers, staff and unions when agreeing the best approaches for their circumstances. Your risk assessments should outline **YOUR** agreed control measures following your local planning processes – any additional control measures you identify as being required should be added to the additional controls column, along with who is responsible and a timescale. Likewise any suggested control measures included in this model that **do not apply** to your setting can be removed. All employees working within the premises should receive site-specific information on the controls implemented within their workplaces. Those measures in italics are beyond what the Government advises but can still be used as part of a range of protective measures at the discretion of the headteacher/senior management team etc.

Help and support with the development of your risk assessment is available through the County Council's Corporate Health and Safety Team at healthandsafety@cumbria.gov.uk .

Please note that the Local Authority is liaising with contractors working on its behalf to ensure that they are undertaking effective liaison with occupiers **BEFORE** attending site – contractors are asked to provide key information in relation to how they are managing infection control.

This risk assessment refers to current national guidance, which is listed at the end of this document, and within accompanying guidance.

Likelihood:	
Very unlikely, e.g. 1 in 1,000,000 chance of it happening	
Unlikely, e.g. 1 in 100,000 chance of it happening	
Possible, e.g. likely to occur during standard operations	
Likely, e.g. has been known to happen before	
Very likely, e.g. it is almost certain that something will happen	
Severity:	
Insignificant	No injury
Minor	Minor injuries requiring first aid
Moderate	First aid/RIDDOR reportable incident
Major	Serious injury/hospital attendance
Most severe	Disabling injury, long term ill-health or fatality
15-25 Unacceptable.	
Stop activity and make immediate improvements	
6-12 Tolerable	
Look to improve within a specified timescale	
1-5 Acceptable	
No further action, but ensure controls are maintained	

		Severity				
		1 Insignificant	2 Minor	3 Moderate	4 Major	5 Most Severe
Likelihood	5 Very Likely	5 Low Risk	10 Medium Risk	15 High Risk	20 High Risk	25 High Risk
	4 Likely	4 Low Risk	8 Medium Risk	12 Medium Risk	16 High Risk	20 High Risk
	3 Possible	3 Low Risk	6 Medium Risk	9 Medium Risk	12 Medium Risk	15 High Risk
	2 Unlikely	2 Low Risk	4 Low Risk	6 Medium Risk	8 Medium Risk	10 Medium Risk
	1 Very Unlikely	1 Low Risk	2 Low Risk	3 Low Risk	4 Low Risk	5 Low Risk

RA reference		Activity description	Infection prevention and control – during COVID-19 pandemic
Assessment date	30.9.21	Assessor name	S Timmons Deputy Headteacher
Assessment team members		Planned review date	December 2021
Location	Alston Moor Federation	Number of people exposed	250
Overall residual risk level following implementation of effective control measures	Medium risk Professionals in Public Health, Health and Safety and LA services will continue to work closely with recognised trade union colleagues to promote safe working procedures, suitable safety controls and limit risk.	People exposed	All employees Pupils Visitors Contractors Members of the public Vulnerable children/adults Persons with pre-existing medical conditions First aiders New/expectant mothers
DfE helpline: 0800 046 8687 (select option 1 for advice on action to take in response to a positive case)			
Assessment last updated	30.9.21	Is this an acceptable risk?	Yes/ No
<p>Training: All staff will receive training and information proportionate and relevant to the activity that is being undertaken.</p> <p>Monitor and review: This risk assessment and its implementation will be monitored on at least a weekly basis and will take account of any new or updated guidance and ensure that the control measures remain relevant and effective.</p> <p>Communication and consultation: Regular updates will be provided to all staff through team meetings/staff bulletins – feedback and comments will be welcomed. Copies of this risk assessment will be available on our school website.</p> <p>From 16 August 2021: children under the age of 18 years old will no longer be required to self-isolate if they are contacted by NHS Test and Trace as a close contact of a positive COVID-19 case. Instead, children will be contacted by NHS Test and Trace, informed they have been in close contact with a positive case and advised to take a PCR test. We would encourage all individuals to take a PCR test if advised to do so.</p> <p>The Shielding programme for people considered Clinically Extremely Vulnerable has now ended in England Letter to patients - end of the shielding programme</p>			

From 4am Monday 04 October 2021 the rules for international travel to England will change. ¹Check the rules for travel to England from abroad.
